

Journal of the Japanese Society for Artificial Intelligence

Vol. 26 No. 5 (Sept. 2011)

CONTENTS

Inaugural Remarks as a Councilor of AAAI	Makoto Yokoo	423
Special Issue: “Collaborative Expressive Workshop”		
Editors’ Introduction to “Collaborative Expressive Workshop”	Takuichi Nishimura, Takeshi Sunaga and Yutaka Matsuo	424
Influential Medium: Designs for Awareness — Case Studies of Influential Medium in Participatory Workshop —	Naohiro Matsumura	425
Critical Media Practice: Design of Cultural Program for Citizen’s Media Expression	Shin Mizukoshi	432
Designing “KOTO” — The Subjective Approach to Designing Event —	Takeshi Sunaga, Maiko Kobayakawa and Chisato Takami	440
Workshop on Collaborative Experience for Facilitating Shared Awareness and Expression by Photo Taking and Drawing	Yasuyuki Sumi and Ryoko Ogasawara	449
AI Technology to Support the Workshops as Fields to Yield Representations	Koichi Hori, Mina Akaishi, Katsuaki Tanaka and Kosuke Numa	457
Technology for Supporting Expression Chain	Masahiro Hamasaki, Hidekazu Kubota, Koichiro Eto, Yoshiyuki Nakamura, Katsuaki Tanaka and Takuichi Nishimura	465
Survey Papers		
Reasoning about RDF and RDF Schema	Ken Kaneiwa	473
Performance of Information Processing in a Primitive Organism of True Slime Mold — A Note on How Behavioral Intelligence Develop from Physical Nature —	Toshiyuki Nakagaki and Ryo Kobayashi	482
Articles		
Emergent Panel Discussion: “Confronting with the Great East Japan Earthquake” ... Toyoaki Nishida, Toshiyuki Masamura, Takashi Ogata, Itsuki Noda, Hitoshi Matsubara and Akinori Abe		494
How Science and/or Technology Can Contribute to Recovery from the Disaster?	Atsushi Shinjo and Hitoshi Matsubara	514
Lecture Series: “Frontiers of Computer Shogi” (3)		
Consultation Algorithm on Computer Shogi	Takeshi Ito	525
Special Issue: “Practical AI Systems”		
Editor’s Introduction to “Practical AI Systems”	Hiroshi Yamakawa	531
My Bookmark		
Privacy-preserving Data Mining	Jun Sakuma	533
