

# Journal of the Japanese Society for Artificial Intelligence

Vol. 27 No. 1 (Jan. 2012)

## CONTENTS

### Commentary

- A New Age of Well-Designed AI Services ..... Hideo Umeki 1

### Special Issue: "Towards Constructive Developmental Science"

- Editor's Introduction to "Towards Constructive Developmental Science" ..... Minoru Asada 2
- Beyond Synergistic Intelligence
- Constructive Developmental Science Based on Cognitive Developmental Robotics — ... Minoru Asada 4
- Towards Socio-Synergistic Intelligence
- Creating Interaction between Acquiring Social Behavior and Establishing Social Relationship —  
..... Yuichiro Yoshikawa and Hiroshi Ishiguro 12
- A Constructivist Research on Fetal Development and Its Implications for Understanding Developmental Disorder  
..... Yasuo Kuniyoshi and Hiroki Mori 20
- Physio-Synergistic Intelligence
- Adaptability Emerging from Interaction between Compliant Body Structure and Environment —  
..... Koh Hosoda 28

### Special Issue: "Twitter and Social Media"

- Editors' Introduction to "Twitter and Social Media" ..... Ikki Ohmukai and Yutaka Matsuo 34
- Information Diffusion on Twitter ..... Kazuhiro Kazama 35
- The Use of Social Media in Politics
- Applications and Analyses — ..... Mitsuo Yoshida and Asuka Matsumoto 43
- Social Media and Fragmented Social Reality ..... Tetsuro Kobayashi 51
- Anonymity on Social Media ..... Akiko Orita 59
- Twitter as a Social Sensor
- Can Social Sensors Exceed Physical Sensors? — ..... Takeshi Sakaki and Yutaka Matsuo 67

### Lecture Series: "Frontiers of Computer Shogi" (5)

- Evaluation Functions of Computer Shogi Programs and Supervised Learning Using Game Records  
..... Tomoyuki Kaneko 75

### Special Issue: "Doctorial Theses on Artificial Intelligence"

- New Trends of Researches for Doctorial Theses ..... Yoshinobu Kitamura and Koh Kakusyo 83
- Foundations of AI ..... 84
- Machine Learning and Data Mining ..... 85
- Knowledge Use and Sharing ..... 85
- Agents ..... 87
- Soft Computing ..... 88
- Natural Language Processing ..... 88
- Image and Speech Processing ..... 90
- Robot and Real World ..... 92
- Human Interfaces and Computer-Supported Education/Learning ..... 93
- AI Applications ..... 95
