
How to use the L^AT_EX Style File for English Manuscripts for JSAI20XX

The Program Committee of the JSAI20XX*¹ Second Author's Name*²

*¹ The Japanese Society for Artificial Intelligence *² Affiliation #2

Here is an abstract of up to 150 words in English or 300 characters in Japanese. This document describes the formatting guidelines for English manuscripts in L^AT_EX of the annual conference of JSAI. This is also a sample of a formatted manuscript (see 2.4 for writing the abstract).

1. Introduction

This article contains format guidelines for authors contributing to JSAI 20XX using L^AT_EX. The conference proceedings will be distributed on a conference Web site containing PDF files prepared by the authors. To ensure that all papers in the proceedings have a uniform appearance, please refer to the following instructions. **This information may be updated even after it is released. Please confirm that it is the latest version before your submission.**

2. General Information

2.1 File format and size

The manuscript file should be an Adobe(R) PDF (Portable Document Format) file. The size of the manuscript file should be less than 3 Mbytes. The extension of the file name should be “.pdf”.

2.2 Header

The conference name in the header and your paper ID should not be included, because the organizing committee will add them.

2.3 Title and author's name(s)

The title of the paper and author's name(s) should be the same as those appeared in the application form. **Please ensure there are no differences between title and author's name(s) in the manuscript and presentation application.**

2.4 Abstract

Please include (1) the objective and (2) the outline of the conclusions of your results in the abstract under the author information. Also, please state the outline of your method as necessary in the abstract. **Submissions without any description regarding (1) or (2) in the abstract may not be considered for presentation or publication.**

2.5 Paper length

The length of each paper is two pages on A4 size paper. Up to two additional pages are accepted.

2.6 International session

English is the only acceptable language for the international sessions. Papers for the international sessions will be included on the conference Web site, from which papers

that match the general requirements of relevance and scientific and technological excellence are encouraged to submit to the Journal of New Generation Computing.

3. Style file for L^AT_EX

When you use the style file for JSAI20XX named “jsaiac.sty”, please specify a style option as follows;

For L^AT_EX 2.09,

```
\documentstyle[twocolumn,jsaiac]{article}
```

For L^AT_EX 2_ε,

```
\documentclass[twocolumn]{article}
\usepackage{jsaiac}
```

◦ The first page: Please use the following commands;

- Title:

```
\title{Title of your paper}
```

- Name of authors:

```
\author{%
    Name of the first author\first{}
\and
    Name of the second author\second{}
}
```

If the affiliations of authors are different, please use the following commands;

```
\def\first{\hbox{$\m@th^{\ast 1}$}\hss}
\def\second{\hbox{$\m@th^{\ast 2}$}\hss}
\def\third{\hbox{$\m@th^{\ast 3}$}\hss}
\def\fourth{\hbox{$\m@th^{\ast 4}$}\hss}
\def\fifth{\hbox{$\m@th^{\ast 5}$}\hss}
\def\sixth{\hbox{$\m@th^{\ast 6}$}\hss}
\def\seventh{\hbox{$\m@th^{\ast 7}$}\hss}
\def\eighth{\hbox{$\m@th^{\ast 8}$}\hss}
\def\ninth{\hbox{$\m@th^{\ast 9}$}\hss}
```

You should add the same commands for corresponding affiliations. If there is only one affiliation, the \first is not needed.
